

KING SPEAKS FOR STATE INCOME TAX

Educator Urges Rotarians to
Back More School
Facilities.

INITIATE 3 MEMBERS

A State income tax for Pennsylvania was urged Tuesday night by Dr. Leroy A. King, assistant professor of educational administration at the University of Pennsylvania, addressing the Bala-Cynwyd-Narberth Rotary Club.

The occasion was the monthly business meeting of the club, held at the Cynwyd Club. Dr. King, a resident of Narberth and secretary of the Narberth School Board, was the principal speaker of the evening.

Ralph S. Dunne, a friend and neighbor of Dr. King, and a member of the local Rotary Club, introduced the speaker, calling attention to his State-wide work as an administrative expert, and his successful teaching period at the University of California last summer.

Dr. King's talk dealt with the general problem of education throughout the United States. He gave to each person present a mimeographed outline of statistics and observations bearing on the subject, and followed the outline, explaining the points.

"Education," he said, "is learning a great deal from business and industry. We must get to the point of eliminating waste and inefficiency. Teachers, as they receive higher pay, must be better trained."

"In the past we stressed too much the external appearance of our school buildings. Now internal efficiency and economy are the keywords. Here in Lower Merion we see only the more advanced side of educational progress, for in Pennsylvania alone there are still 8500 one-room schools."

Dr. King drew a strong contrast between the national expenditures for luxuries and for education. "In 1922," he said, "we spent over seventeen billion dollars for luxuries, and but a billion and a half for public elementary and secondary schools. At the same time our national wealth was 320 billions."

"America can afford better education, even though the costs and enrollments have been climbing. Pennsylvania in particular should hang her head in shame. One of the wealthiest and most progressive of States, we are about twentieth in educational progress."

"Few but educated people achieve notable success nowadays. In 1922 the roster of 'Who's Who' disclosed that over 77 per cent. were college trained, 14 per cent. had secondary or high school training, and but a little over 8 per cent. were uneducated. A man without education has but one chance in 161,290 of achieving distinction."

Dr. King presented figures showing that earning power and thrift were almost directly proportional to the school efficiency in the various States. Massachusetts, New York, District of Columbia, California and Connecticut led in school matters.

The job of the Rotarian, Dr. King asserted, is to get back of the schools of Narberth and Lower Merion, so that this section of the State will continue in the lead.

Luther S. Parsons, of Cynwyd, a guest of the club, gave a five-minute talk on the early history of the section, particularly with reference to the first schools. Many members of the club, not having heard his tales of the early days, are looking forward to the meeting of March 15, at which he will be the speaker.

T. Ewing Montgomery, president of the Neighborhood Club, spoke briefly of his interest in the work of Rotary, and praised the co-operative spirit being shown by the members in the activities of the community.

Three new members were initiated. They are William H. Fowler and Horace T. Smedley, of Narberth, and Dr. William L. Martin, of Levering Mill road, Cynwyd.

Record Attendance at February Meeting of Local Board of Trade

TWO PRIZES

The Narberth Board of Trade has voted to give two prizes of ten dollars each. One will be for the best design submitted for an emblem; the other for the best slogan.

Details and conditions will be published in these columns shortly.

NEW SCOUT SPIRIT TOPIC OF FATHERS

Association Greeted Better Attendance Report With Enthusiasm.

TO HAVE DADS AT INN

The new life that has been injected into the Boy Scout organization since the first of the year formed the basis of an interesting meeting of the Fathers' Association in "The Cabin," last Wednesday evening. E. P. Dold presided. The report on attendance, showing an average of 34 for each session of the entire troop was enthusiastically received.

Thus far, six boys have become "first class" scouts. Swimming has been the barrier in the way of a dozen or more of the "second class" scouts advancing. To overcome this, action was taken by the Fathers' Association looking to perfecting an arrangement either with the swimming club now being organized by the Brynwood Manor Inn, or with the Ardmore "Y," whereby the Narberth boys will be given the necessary individual instructions.

An effort will also be made to assist "Bob" Harris, who is starting in Lower Merion athletics this season, to be coached in the two remaining subjects for which he will have to pass tests in order to become an "Eagle" scout. Thus far he has 19 merit badges to his credit, while 21 are required for this high honor in scouting.

Dads' Night Place Changed.

In order to acquaint the fathers of the boys with the work they have accomplished since the first of the year, a change in the plans for an "Our Dads" night at "The Cabin" was made at last Wednesday's meeting. Instead of holding this affair in the cabin, it will be at the Brynwood Manor Inn, on March 25. Each scout will be host to his father or guardian that night at dinner, following which the regular Friday evening scout meeting will be conducted for the benefit of the fathers. Two covers will be laid for each member of the troop, one for himself, and one for "his dad."

Following the dinner, a complete outline of the activities mapped out for the spring and summer will be presented for consideration. Action will be taken on a permanent week-end camp site; swimming facilities, attendance at Camp Delmont, the minstrel show to be given by the boys on April 22 and 23, and the matter of improvements to "The Cabin."

FLOWER SHOP TO OPEN

In the belief that a long-felt want will be filled, a flower shop is to open in Narberth next Friday. It is located on Narberth avenue, in the Merion Title building, just south of the corner of Haverford avenue.

Mrs. Norman Jefferies, of 219 Narberth avenue, is the proprietor of the new shop. Known as a flower lover and successful garden at her home for fifteen years, she brings this experience to the new business. She will be assisted by Harry J. Killian, a professional florist, capable of performing any floral work of an expert character.

The shop will sell cut flowers, plants, pottery and glassware, and some garden accessories. The store space has been attractively fitted and decorated for the opening of the flower shop.

MEMBERSHIP DRIVE

To all those eligible to join the American Legion a hearty welcome is extended, and an urgent request to join now or during the membership drive next month. Good results from this campaign will insure a bright future for the American Legion of Narberth and new friends and comrades for the new members.

Fifty Narberth men, including all but one member of Borough Council, attended the February meeting of the Board of Trade Monday night.

The Brynwood Manor Inn was the scene of the supper meeting. That business did not dominate is proved by the fact that 227 of Mrs. Justice's delicious hot muffins were brought to the banquet tables and instantly disappeared.

W. Russell Green, of Woodbine avenue, advertising manager of the Charles E. Hires Co., was the speaker of the evening, and chose as his topic, "Dreamers Who Walk." The subject, in view of the plans and dreams of the Board of Trade, was especially apt.

As examples of dreamers who kept their feet on the ground, the speaker chose Cyrus Fields, who laid the first Atlantic cable; Russell H. Conwell and Benjamin Franklin. In each case he sketched a life of achievement, based on courage and imagination.

"The Butters wreck the dreamers," he said, referring to the well-meaning souls who kill a plan by saying, "It is a good idea, but—." Mr. Green compared enthusiasm for ideas with enthusiasm for institutions.

"When a man knocks his home town to strangers it shows that the only thing wrong with the town is that he lives there."

The talk was of particularly interest to the merchants, in view of their work for the new station—a plan which must depend upon both imagination and hard work, if it is to be "sold" to the Pennsylvania Railroad.

Ralph S. Dunne reported for the Committee on Public Affairs, telling the members of the letters sent

MEETING FOR FATHERS

Dr. Gerney Speaks on Health Essentials.

The Mothers' Council arranged a very instructive talk for the fathers of the school children for last Monday evening, February 28, when Dr. Oscar E. Gerney, physical director of the Northeast High School, in Philadelphia, spoke on the general topic of boy problems. Dr. Gerney addressed a group of about 30 fathers, who were so interested that the discussion after the talk lasted longer than the talk itself.

Dr. Gerney spoke principally on the essentials of good health for the growing child which, he said, were: sufficient rest, recreation, exercise, proper food and the correction of remediable defects. He stressed the desirability of competitive athletics for all students rather than intensive competitions between picked teams and brought out the opportunity of the physical director to teach fair play and morality.

He also emphasized the vital need of home co-operation and teaching along these lines. In the discussion, these ideas were amplified and Dr. Gerney also told about the work of Camp Happy—the Philadelphia summer camp for under-nourished children—of which he is the director.

The next meeting of the Mothers' Council will be on Monday evening, March 14, at 8 o'clock in the school auditorium. The speakers will be Charles B. Pennypacker, Principal of the Senior High School, and Edward Snow, Principal of the Junior High School. All women interested in children and their problems are welcome to attend this or any meeting of the Mothers' Council.

LEAGUE WILL MEET

The Friendship League of Young People's Societies of Narberth will hold a short business meeting followed by a lively social on Tuesday evening, March 8, at 8 o'clock, in the Presbyterian Church. All are welcome and are urged to come. A pleasant time for all!

MEN WILL SERVE

The Women's Bible Class of the Narberth Presbyterian Church will give a Mothers' and Daughters' Dinner on Friday, March 18. The speaker of the evening will be Mrs. Carnell. The Men's Bible Class are going to serve the dinner.

TEN L. M. NET MEN MAY GET LETTERS

Basketball Varsity Stars Are
Honored. Four Will Help
Next Season.

CLASS RECORD PLAN

Ten men will receive varsity basketball letters this year at Lower Merion High School. Considerably more letters are being awarded to the players this season than have been given to any basketball squad in Lower Merion's past history.

While not having played the basketball exhibited by the 1925-1926 team, this year's quintet has come through as well as might be expected. It started the season with no captain, no letter men and very few experienced players, yet meeting the stiffest kind of opposition, it has won four and lost ten contests.

It has one more game to play, that being with Upper Darby at Upper Darby tonight. Oddly enough, if Lower Merion wins against Upper Darby it will go into a tie for third place in the Suburban "A" League.

Prospects for next year are bright—four of the mainstays of this year's quintet returning as lettermen for the 1927-28 varsity. They are Allan Cook, star center and high point scorer; Sam Barclay, elected captain of the 1926-1927 team, and splendid forward; Brud Dothard, guard, and Monroe Purse, forward.

Along with the four junior lettermen are three expected comers who have had a good deal of varsity experience, James Deubler, center; Reds Kohlas, forward, and Jim Tully, guard.

M. S. MAKES STUDY

Of "Young Islam on Trek"—China Missionary Speaks.

The Woman's Missionary Society of the Presbyterian Church had an interesting time on Wednesday, when it made an intensive study of the Mission Study book, "Young Islam on Trek," which gives a comprehensive survey of the modern Moslem world.

Mrs. McClintock, who was for years a missionary in China, gave an interesting introduction and a summary of the first chapters, telling not only what she had learned by reading many books on the subject, but by her personal experience in a country which is the home of many followers of Islam.

Mrs. Follette and Mrs. Loos reviewed two chapters of the book under discussion. A covered dish supper was served, to which the families of the members were invited. The contents of the covered dishes were savory and various and very satisfying to the appetites of the many who risked this adventure into the unknown.

In the evening, Mrs. Torrey gave an interesting summary of the closing chapters and the Semper Fidelis Sunday School Class presented the pageant, "In a Persian Village," as a fitting climax to this study of the conditions in the Moslem world.

WRITES OF AD HISTORY

In a recent copy of "Printer's Ink," a weekly published for advertising men, appeared an interesting article by our fellow-townsmen, Robert Fellows Wood, member of Council, and Advertising Manager of the Autocar Company of Ardmore.

Mr. Wood, in the article, reviewed the advertising of automobiles back at the beginning of the century, as revealed by the company files, and showed the influence of early advertising upon the remarkable growth of industry.

WILL HOLD BENEFIT

The Tau Delta Phi Sorority will hold a benefit at the Ardmore Theatre, Thursday afternoon and evening, March 10. The show is from the stage play of the same name, "Cyran de Bergerac," and was staged and acted in France.

The Junior Community Club will hold its regular semi-monthly meeting at Jean Justice's, 616 Montgomery avenue, Thursday.

WARM—ALSO COLD

Considerable fluctuation in temperature was noted last week by the Co-operative Weather Observer, located in Narberth. Fifty-five degrees was the warmest, and 24 was the lowest. The temperature excess since February 1 was 143 degrees, while the deficiency compared with the same time last year was 18 degrees.

The precipitation last week was 1.42 of an inch. The total since February 1 was 3.52 inches. The barometer varied from 30.07 to 29.65.

WOMEN'S CLUB HAS UNUSUAL PROGRAM

Composer, Soprano, Orchestra Violinist Are Heard in Recital.

MAKE DATE CHANGES

That "music hath charms" was once more exemplified at the regular meeting of the Women's Community Club on Tuesday. Mrs. Carey Chairman of Music, had prepared an unusual treat for the members in her program.

Mr. Harry C. Banks, Jr., well-known as a successful composer and an organist of note, played two piano numbers and accompanied the other soloists. He played brilliantly Goddard's Mazurka and the well-known "Butterflies" by Grieg.

Mrs. Banks, who has a strong mezzo-soprano voice with a very beautiful timbre, gave two groups of songs, with violin obbligato, including "Devotion" by Richard Strauss, and two charming songs by Mr. Banks, which he modestly announced as by an unknown composer. These were followed by three little fairy songs by Besley.

Hear Violinist.

Mr. Earl Pfouts, formerly a member of the Philadelphia orchestra, played the second movement of Grieg's Violin Sonata, in C minor. His tone was rich and full and his technique brilliant, notably in the fast movement of the Suite by Reiss. For an encore Mr. Pfouts played Kreisler's arrangement of the familiar Londonderry Air.

An interesting feature of the program was a review of Madame Melba's recent memoirs given by Mrs. Langston, of Philadelphia, in a way that conveyed the informal spirit of the book.

All club members are requested to make a correction on their March calendars. Two of the members of the Hospitality Committee have exchanged dates. Mrs. H. D. Shenton, of 517 Merwyn road, is entertaining at bridge on the 18th, while Mrs. W. C. Newman, 439 Anthwyn road, has taken the 25th. Mrs. Burrell's party comes on March 11, at 507 Valley View road.

COMMUNITY CLUB CALENDAR

March 7, 7 P. M.—Junior Department. Meeting with Virginia Eyre, 123 Woodside avenue.

March 11, 1 P. M.—Luncheon-bridge. Mrs. J. E. Burrell, 507 Valley View Road.

March 15, 12.30 P. M.—Executive Board. Monthly meeting, Elm Hall.

2.30 P. M.—Club meeting. Demonstration of decorative salads, Miss Agnes Brown, of Drexel Institute.

March 18, 1 P. M.—Luncheon-bridge. Mrs. H. D. Shenton, 517 Merwyn Road.

EXAM AT MERION

United States Civil Service examination will be held on March 19 for clerk-carrier at the Merion Station, Pa., Post Office.

Applications must be filed with the Commission before the close of business on March 9, 1927. Application blanks can be had at the Merion P. O.

MINSTRELS ARE COMING

April 22 and 23 have been set aside for the "big annual affair" in Narberth. The Boy Scouts will give a minstrel show both nights. Dancing will follow on April 23. Mark your calendar, and save up all loose change with which to buy a pair of tickets from one of "the Scouts."

After today President Coolidge will not have Congress "on his hands" for several months.

FRED WALZER WILL AGAIN PILOT NINE

Club Will Vote on League
Session Question on
March 15.

TO BUILD \$1500 STAND

Narberth is again assured a fine brand of baseball for the approaching season. Fred Walzer, past skipper of the Narberth Baseball Club, has been called upon to act as manager for the 1927 season and announcement was made this week that the astute pilot, who so skillfully led the teams of other years to victory has consented to serve again. Important announcements as to the additional tossers who will supplement the local list are promised shortly.

A meeting of all those who are interested in borough baseball will be held at Elm Hall on Tuesday evening, March 15. At this time officers will be elected and decision will be made as to whether Narberth shall continue in the Main Line League, or play free-lance ball with the various topnotch aggregations in and around Philadelphia.

The latter procedure is urged by several of the players and also by many citizens on the score that the league games have not provided the proper interest. It is claimed that the Narberth fans would be better served if high grade teams were brought here and a good game assured every Saturday afternoon.

Those who prefer the league games stress the point that a ball club representing the community should play clubs authorized to represent other communities. In view of old time tradition, it is expected that there will be a strong clamor to remain in the league.

Will Vote on League.

The whole issue will be discussed in detail at the March 15th meeting and a decision reached by majority vote of those present. For those who participate in the discussion, and also to secure the right to vote, the club officers announce that a \$5 membership fee will be made effective. Such membership will entitle the holder to look aloft when the hat comes his way at the games.

The enlistment of members will be the first order of business at the meeting and those who desire to register their support in advance for the good influence it will have on others are asked to pay their respects and their money to Gene Davis, at the counter. He is sure to stop whatever he may be doing at the time to accommodate you.

It was also announced that a village round-up will start forthwith to secure funds to erect a modern grand stand, to cost about \$1500. It is said that a fair share of the amount has already been subscribed. The list of contributors to this needed improvement will be printed in "Our Town" as the money rolls in. It is hoped that there will be a wide response to this opportunity to add to the facilities of the best outdoor community center in the Philadelphia section.

OPENS NEW STORE

Mrs. A. J. Herrshaft, who has conducted the Hemstitching Shop for four years from her home at 318 Dudley avenue, opened this week the Elm Gift and Hemstitching Shop at 242 Haverford avenue.

In the new location she will continue the business started at her home, which included the sale of gifts and notions, a circulating library, and hemstitching. The store has been divided into three rooms—one for display, the next for fitting and the rear to be used as a workroom.

With the opening of the centrally located shop, Mrs. Herrschaft has closed the shop at her home, combining the articles there with the new stock.

TO HELP TAXPAYERS

A deputy collector of Internal Revenue will be at the Narberth branch of the Merion Title and Trust Company on March 7, 8 and 9 from 9 until 3, to assist residents in filing their income tax reports. This service is given by the bank without charge and is available to all residents.

"WHY NOT"

Eradicate Diphtheria?—Says Dr. Sloan in Statement.

Dr. George A. Sloan, President of the Narberth Board of Health, issued an appeal this week for parent co-operation in the proposed administration of toxin-antitoxin by the Narberth schools. His statement follows: "I recently reviewed the statistics of the city of Auburn, during a campaign for Schick testing and immunization against diphtheria. They were most gratifying, and illustrative of what can be done in eliminating a disease which has demanded a very large toll of children and adults in years gone by.

"This coming week the Narberth School Board has arranged for the administration of toxin-antitoxin to the pupils, and it is to be hoped that 100 per cent. will embrace this opportunity. While the disease is decidedly more common in childhood, adult life is no bar to its occurrence, and the same intelligent effort should be pursued by adults to prevent the continuance of this malady. "Public health is purchasable. Prevention is the same and intelligent method of getting ahead of disastrous consequences."

WOMEN'S AUXILIARY TO MEET

The regular monthly meeting of the Women's Auxiliary of the Narberth Presbyterian Church will be held Wednesday, the 9th, from 10 to 4. Luncheon will be served at 1 o'clock. Election of officers will take place at this meeting. A large attendance is desired.

Sleep—

The Body-BUILDER

An authority says: "The man who keeps giving his body less sleep will find himself in the position of the man who tried to train his horse to live on nothing by gradually cutting down on his daily ration.

"He had only one more day to go before the horse would be living on nothing, when something happened which upset his plans—the horse died."

Sleep is a first requisite in keeping the nervous system going normally. It fills the batteries for the next day's pull.

Getting plenty of sleep is one way of helping to KEEP well, just as calling the physician promptly when illness occurs is the surest way to get well.

Mount Vernon

and BUILT of WOOD

HOME of our first President here, in-
deed, is a truly great monument to
his memory. Overlooking the Poto-
mac—it still stands for all that is really
American.

Perhaps nothing else in our national life
holds such a place in the hearts of Ameri-
cans as Mount Vernon.

Built of wood, it has stood for years in all
its quiet and imposing dignity. Quaint—
beautiful—it radiates a feeling of hominess
and hospitality, a striking example of the
desirability of wood as a building material.

"For Generations of Joy and Comfort"—
BUILD OF WOOD. Economical—long-
lived—attractive, as only nature can make
things, it is, without doubt, the best for your
home.

We'll be glad to show you how wood can
be used in almost any architectural treat-
ment. Come in and let us know what you
have in mind. There are ideas and sugges-
tions here, aplenty—all offered freely, and
without obligating you in the least.

Just Arrived on Our Siding— Part of Rockaway Beach

Hurrah! A carload of clean, white seashore sand has
just arrived fresh from the ocean's side—to make
the kiddies happy this spring.

No need, though, to wait until spring has really come
to get the sand-box out and repaired, and filled up
with two or three bags of this sparkling sand. You
know the warm days will be popping in and out of
what winter remains—and then will out-of-door
amusement become popular.

100 pounds in a sturdy burlap bag is \$1.00.

Figure out your needs, and we will deliver
your order the day it is placed.

TUB NEARLY DIED

Saturday-Night Habit Almost Killed
at Start.

The first bath tub in the United
States, so far as the printed records
show, was put into operation on
Christmas day in 1842. It is gen-
erally conceded that Christmas day
in that year must have fallen on
Saturday. The event created a great
deal of discussion, most of it unfa-
vorable.

In spite of opinions from physi-
cians that sudden shock from water
would be disastrous, the bath tub
idea spread. The Virginia lawmak-
ers promptly laid a tax of \$30 per
tub. Boston passed an ordinance
prohibiting baths except on medical
advice. Philadelphia defeated by
only two votes, an ordinance that
would have made bathing illegal be-
tween November and March.

Those obstructions to the prog-
ress of sanitation, however, were
but temporary. At the present time
it is estimated that the daily per
capita consumption of water in six
278 gallons; Philadelphia, 165 gal-
lons; St. Louis, 140 gallons; Cleve-
land, 137 gallons, New York, 135
gallons, and Boston 111 gallons.
large cities is as follows: Chicago,

NEW REAL ESTATE FIRM

Joseph Cairns, Jr., formerly real
estate officer of the Merion Title
and Trust Company, and Reese F.
Mahan recently announced that
they have formed a partnership
specializing in real estate, mort-
gages and insurance. The new
firm, which will occupy the offices
formerly use by Mr. Mahan, was
organized on the first of March
and will be known as Cairns &
Mahan.

To make soup more interest-
ing or festive, as well as to im-
prove its flavor, add to each plate
at the last minute, a little minced
parsley or a half slice of lemon.
or both, if it is a meat soup. A
scoopful of unsweetened whipped
cream is good on many kinds of
soup. Toasted squares of butter-
ed bread (croutons), farina balls,
and other garnishes often seen in
restaurants are easily made at
home.

Soaking any kind of fresh meat
before cooking is a mistake. It
draws out the juices which give
the characteristic flavor and add
to the food value. If the meat
needs cleaning, wipe it off with a
damp cloth or trim it.

A young man in Chicago has
appealed from a sentence of 14
years for stealing a kiss. It may
have been worth it, but with so
many kisses lying around ready
to be plucked without fear of pun-
ishment there is a suspicion that
this young man showed rather im-
mature judgment.

MAD DOGS AND DOG LAWS

Owners Liable to Imprisonment if
Animals Are Not Chained.

"There is at present in the State
of Pennsylvania an epidemic of
rabies," according to C. G. Jor-
dan, of the State Department of
Agriculture. "Mad dogs are run-
ning at large. Luzerne county,
parts of Allegheny and Westmore-
land counties, are under quaran-
tine. During the past year in the
State two hundred and fifty per-
sons have been bitten by mad dogs
and five have died from hydro-
phobia. These facts should con-
vince every one that the dog laws
of the State must be enforced.

"In brief the dog laws are:
Every dog over six months of age
must be licensed, must wear a
collar and tag, must be chained
or securely housed after sundown
unless accompanied by owner.
Licenses and tags can be procured
direct from your County Treas-
urer or through a Justice of the
Peace, Alderman, Magistrate or
Notary Public.

"The license fee is \$1 for male
dog, \$2 for female dog. Any per-
son violating the dog law is liable
to a fine of from \$5 to \$100, or
thirty days in jail, or both.

"The money derived from the
licensing of dogs is used to pay
all damages done by dogs to do-
mestic animals and poultry; in ad-
dition it also at present finances
the Bureau of Animal Industry of
the Pennsylvania Department of
Agriculture in its work for the
prevention, control and eradica-
tion of tuberculosis, hog cholera,
abortion, rabies and other trans-
missible diseases, as well as poul-
try diseases.

"Bear in mind that when you
pay your dog tax you are paying
for the eradication of tubercu-
lous cows that your children may drink
milk free from the germs of tuber-
culosis. If you are not obeying
the law, get busy at once. Get
your dog licensed and keep him
chained. We do not wish to prose-
cute any one but will prosecute
every violator of the law without
fear or favor.

"With this kind, earnest warn-
ing you will have no reason for
complaint if through neglect of
yours proceedings for prosecution
are entered against you."

Names of any violators of the
dog laws should be sent to Dr. T.
E. Munce, Bureau of Animal In-
dustry, Harrisburg, Pa.

GIRL SCOUT NEWS

Conducted by Mrs. Walter I. Zelov.

The chairman of the Main Line
Committee, Mrs. Charles C. Harrison,
Jr., and Mrs. Victor I. Zelov, Chair-
man of Publicity were among the in-
terested guests of the Ardmore Boy
Scouts at their Father-Mother-Son
banquet, held at Masonic Hall, Ard-
more. The evening was planned and
executed by the scouts themselves,
under the able direction of Pop Con-
ner. Dad Hires and Alex. Flemming
showed what Boy Scouts can do in
almost any emergency and what it
means to be a Boy Scout. And music
is never so good as when played
by the Ardmore Sea Scout orchestra,
aided by Boy Scout songs in which
everyone joins—with the aid of a song
sheet! The Girl Scout representatives
were augmented by two other mem-
bers of the committee, who are also
mothers of Ardmore Boy Scouts, Mrs.
William A. Dyer and Mrs. Nelson
Warwick. They all expressed them-
selves as being much pleased at being
able to glimpse Boy Scouts in action
and had great admiration for the
splendid work of Pop Conner, Dad
Hires and Alex. Flemming.

Saturday at 2.30 o'clock, at the Nar-
berth Scout House, the first meeting
of the bugle corps will be held. Wil-
liam Dietz, formerly of the United
States cavalry, will give instruction in
bugling, marching tactics and train
would-be drummers. From 25 to 30
scouts are expected to turn out from
the troops at Overbrook, Cynwyd,
Ardmore, Gladwyne, Haverford, Dev-
on, Wayne and Norristown. All Girl
Scouts interested in joining the corps
are invited to come. Come on girls!

Last Wednesday, Miss Julia Wil-
liamson, Philadelphia Girl Scout Di-
rector, organized a new Brownie Pack
at Narberth, with Mrs. Somers New-
man as the Brown Owl. Great en-
thusiasm was shown by the embryo
scouts and it was decided to meet
every Thursday, from 4 to 5 o'clock
at the Narberth Scout House.

The new Haverford Troop, com-
posed of former Brownies, under the
direction of Mrs. Greer, Captain; and
Mrs. Landell, Lieutenant; were invest-
ed last Thursday by Miss Williamson
with impressive ceremonies and given
their scout pins. The Candle cere-
mony was used by Ardmore Troop, No.
30, in charge of Mrs. Nelson War-
wick, Lieutenant. Each of the ten
Ardmore Scouts, carrying a lighted
candle, gathered around "The Spirit
of Scouting" and impersonated a Girl
Scout Law. There were "Honor,"
"Loyalty," "Usefulness," "Courtesy,"
"Cheerfulness" and "Thrift," and each
carried their message to the new
scouts who have just passed their first
test in the splendid game of being a
Girl Scout.

Echoes of The News

Atlanta will ape New York or bust a leg. She has put on a bathtub party, too. We only hope New York never allows an epidemic of smallpox in Chicago and out.

Robbers have raided a Chicago hospital. Patients even too ill to raise their heads could doubtless stick up their hands if they had to.

Those missionaries fleeing from China ought to find some good openings in Chicago and New York.

The South Dakota girl who attempted to rob a bank of \$24 should have been more mindful of her professional standing.

"Beauty is a state of mind," says a syndicate writer, and that's the truth, provided it isn't before breakfast.

Chewing a piece of meat, according to scientists, requires 800 pounds of pressure, but some folks can chew the rag without any effort.

A hotel man says it is absurd to call patrons of a hotel "guests." But we don't all lug away souvenirs.

"Why do women hold their chins when thinking?" reads a headline. Probably to keep themselves from interrupting.

Edison says "No one knows one seven-billionth part of 1 per cent. about anything." Which is, we'd say, getting pretty close to nothing.

The Coolidge administration will go down into history as the greatest stopper of leaks on record. They are even reroofing the White House.

Muscle developers will be included in the equipment of the new House office building in Washington, D. C. If it is not too expensive, the voting public would be willing to stand for installation of brain developers, also.

It may be only coincidence, but Senator Jim Reed's home town of Kansas City, Mo., gets assurance of a new federal building to cost \$3,625,000, just as the Senator's Presidential boom begins to warm up.

Now that someone has discovered that Frank L. Smith, Senate aspirant from Illinois, used to run a ball club, perhaps a baseball scandal and a Congressional scandal can be worked into one big affair.

Meredith Nicholson, a successful Indiana author, recently received his first college diploma. Now that he can class himself as fully educated, he may feel above writing for a living.

The United States Navy is reported threatened with a fuel shortage. The printed rhetoric about the navy might keep the boilers sizzling.

While the transatlantic telephone is a great thing, not many of us will feel it necessary to call up King George and ask if it is raining over there.

Money due American Indians is reported by the interior department to total more than \$35,000,000. Does anybody recall who it was that wrote, "Lo, the poor Indian?"

"To hell with them!" yelled Dr. William Sunday in his Mobile, Ala., sermon last Sunday night. He was referring to New Yorkers who are offering Al Smith as a candidate for the Presidency. This is approximately the same attitude that Dr. Quick-on-the-trigger Norris holds towards his Fort Worth enemies. Such is the interpretation of Christianity by a large number of 1927 Christians.

Publishing geographies must be a heck of a business these days. They no sooner get new plates for Europe than the whole scheme of Asia comes up for an overhauling.

We are a people who will and, apparently, can do anything for money. If a million dollars were offered for swimming the Atlantic, we suppose somebody would succeed in doing it.

A Few Hours

A few hours will make a vast difference in
the taste of candy and baked goods. That
is why we manufacture them within a few
hundred feet of our shop.

But if this short time will make a difference,
what an improvement White's Candies must
be over the boxed brands from other cities
often packed months before! Have you
tried a box of White's delicious Narberth-
made candy?

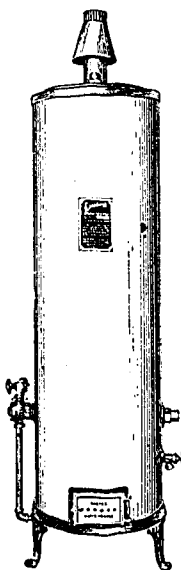

The same freshness and high quality have
made our baked goods and ice cream famous.
These as well as the candies, are made in
our modern shop at the railroad circle. All
three products will give you a new experi-

"MR. BOB"—A SUCCESS.
Well, here I am again! And I'm going to tell you all about the play. It certainly seemed a mix-up! The plot, I mean. I stayed behind the scenes so as to see how the audience took it. Laugh! If they laughed once, they laughed a thousand times. Not only the "lines" were funny, but also the people who took the different parts.
As far as I could see not one outshone the others. They were all splendid! They were:
Philip Royson, Eleanor Michaelson
Miss Rebecca Luke, Virginia Eyre
Paty, the maid, Dorothy Clevenger
Jenkins, the butler, Kathryn Aungst
Mr. Brown, the mystery, Madeline Baughman
Katharine, Philip's cousin, Virginia Douglass
Marion, "Mr. Bob," Elizabeth Terry

Good Faith

In your physician, your surgeon, your druggist, you must have absolute faith. Faith in his honesty and sincerity—faith in his skill and training.

Carelessness and poor materials in the preparation of a prescription can ruin the best efforts of a doctor. When reliance is placed upon Crane's your good faith is never violated.

The property managers were Betty Robb and Margaret Robertson. The business managers were Betty Otto and Almira Gregory. Miss Eames, their guardian, helped the girls produce the play.
I just know that you all will give a rising vote of thanks for the girls and their guardians for giving such a wonderful evening of entertainment. Those who were present that evening will confirm this statement that they were not sorry they came and were glad they did not stay at home, even though it was raining outside.
Let me impress upon you that the girls are not dead but are alive and full of fun.

METEORS WIN
The Meteors shone so brightly on Friday evening, February 25, that the Boosters had to wear smoked glasses. This handicap was the alibi for the Boosters losing three games by over a hundred pins each.
On Monday evening, March 7, the Meteors will be visible again to those who park their eyes on the south side of the Baptist alleys looking north. On this date they will try to dazzle the Pilots. No seats reserved after 8 o'clock.
On Monday evening the Mules took their stand (as mules will, sometimes) and the Pep Boys could not budge them for about forty-five minutes. This was the first attempt of the Pep Boys to drive this new team. The Pep Boys learn fast in a difficult situation and in the last two rounds they did the driving.

BOARD OF TRADE
HOLDS MEETING

CONTINUED FROM THE FIRST PAGE

to various railroad officials, as described in "Our Town" last week. A meeting was arranged with J. O. Hackenberg for Thursday of this week.

He then explained to the Councilmen present the plans of the Board of Trade for further improvements if the station project is successful. He stated that after work on the station was under way a letter would be sent to the residents, asking them whether or not a bond issue for the Borough's share of the cost would meet with general approval.

E. C. Griswold, president of Council, voiced his approval of the present campaign. In particular would he be pleased at the removal of the old post office building on the edge of the station property at Haverford avenue. He spoke of it as a constant danger to pedestrians and motorists alike.

Councilman A. P. Redifer delved into history and told those present of the first efforts to have Essex avenue cut through. In 1898 the matter was first taken up, at which time the railroad figured the cost at \$11,000. Theobald Harsch, a local contractor, offered to do it for \$3000, but the Pennsy would not accept the offer. The present version of the cost is \$110,000.

Burgess Henry A. Frye greeted the Board of Trade with words of praise for the new spirit of co-operation among the merchants. He recalled the time of his first coming to Narberth, when lack of realization of the common good kept the business section at cross-purposes, and hurt everyone. The new spirit, he said, is increasing trade and prosperity. Mr. Frye praised the efforts of the Board of Trade and expressed approval of the series of educational advertisements in the columns of "Our Town."

Four new members were taken into the Board of Trade. They are Rollin S. Touhill, Harry Hamer, H. T. Curtis and Walter Schlipf.

The following were present: Harvey Cook, W. H. Cook, E. H. Davis, C. E. Funk, N. R. Peacock, P. A. Livingston, J. R. Hart, T. O. Haydock, J. L. McCreary, Joseph Adelizzi, T. C. Kerrigan, Harry B. Wall, Walter Roser, W. H. Fowler.

H. T. Hamer, Arthur Korthaus, G. M. Dando, G. R. Markle, C. H. Crane, J. A. Miller, Fred Walzer, J. J. Whiteside, Mario Chios, H. P. Curtis, Henry A. Frye, R. S. Dunne, G. B. Nesper, J. R. Cole, H. Posten, M. Cooper, Taylor Henry, R. F. Whelan.

R. F. Wood, A. P. Redifer, J. R. Hall, Daniel Leitch, Clarence Kaeber, E. C. Griswold, C. V. Noel, E. P. Dold, Chris Koch, W. R. Green, E. B. Stone, C. E. Munyon, C. P. Cook, Charles Hewit, H. T. Nash, J. C. Nash, Walter Nash, W. G. Case.

NEEDLEWORK GROWS

The officers of the Narberth Branch of the Needlework Guild are very much pleased to note the interest shown by women of the town during the past two months. At a recent meeting Mrs. A. H. Durboraw, president, announced nine new directors have been taken in. There are also a number of women who have been coming to the all day sewing meetings who are new residents. In the very near future a tea will be given followed by a musical and home-made pastry and cakes will be on sale. This is given to raise funds for needed materials.

Every woman of the town is asked to join in this wonderful work. You will be more than welcome.

CITIZENSHIP TOPIC

On Sunday morning the Gara Class of the Presbyterian Church will discuss the subject of American citizenship and what it means. Visitors welcome.

INSTALL TRAFFIC LIGHT

On Bala-Cynwyd Hill to Protect Public School Children.

A traffic light installed by the Lower Merion police at the intersection of Bryn Mawr and Union avenues, Bala, was placed in operation this week. Plans at present call for its operation only during the rush traffic hours in the morning and in the evening.

One of the primary reasons for installing the light was to give protection to the school children attending Bala School, a block distant. One fatality and several accidents have occurred during the past year on the Bryn Mawr avenue stretch now guarded by the light. A hill which begins at Union avenue has caused high speed traffic in the past.

Buried Treasure - - -

Years ago pirates hid treasures in numerous parts of the world. Today buccaneers exist only in drama, but the practise of burying treasure, unfortunately, continues. Take as an example the residents of this community who make purchases in the city.

The dollars they spend there are "buried"---gone forever as far as Narberth is concerned. On the other hand, money spent with local business men is deposited in Narberth banks and circulates here. The prosperity it creates aids in the payment of taxes whose burdens are thus partially lifted from your shoulders.

These taxes help to run the schools that your children attend, aid in building the roads that you use, help to give you police and fire protection and do countless other things. Money sent away escapes these taxes and you lose.

It is to your benefit and it is your civic duty when you need anything to try first to---
